

ERASA NOTIFICATION #6 OF 2024

NOTIFICATION FROM SAEF – 16 AUG 2024

Please convey this to all your members.

IMPORTANT MESSAGE TO ALL MEMBERS - PASSPORT CHECKS AT SHOWS

Veterinarians and Welfare Officers will be scheduled on a regular basis to attend equestrian events and it is imperative for you to ensure that all horses competing at an event **MUST** have their SAEF FEI Group IX passports with them at all times (physical passport, NOT photograph) for a spot check by these Welfare Officers and Veterinarians.

The SAEF encourages National Discipline Associations to ensure that all riders' passports comply with the SAEF Veterinary Regulations as well as the SA General Rules and Regulations <https://www.saeef.org.za/documents/rules-regulations/#> .

All Equine Flu and African Horse Sickness vaccinations must be up to date as per the latest SAEF Vaccine Directive <https://www.saeef.org.za/documents/rules-regulations/#>

Please ensure that your horse has valid AHS1 and AHS 2 Vaccinations plus the necessary Flu Vaccination (including the Primary Vaccination) in its SAEF FEI Group IX passport, before entering a competition. All vaccinations need to be administered by an official Veterinarian.

Please find the current SAEF Vaccine Directive below.
