

ERASA NOTIFICATION #7 OF 2024

20 SEPTEMBER 2024

HORSE PASSPORTS

We had a meeting with SAEF and all relevant parties regarding the issuing of passports and will come into effect on the 23 September 2024.

ERASA has no choice but to change the way we issue passports as directed by the Department of Agriculture and Rural Development and to be in line with the protocol regarding the new direct exports.

1. Download Form J (passport and registration with ERASA) on the ERASA website.
2. Complete the form in full, and we require full date of birth for the horse.
3. Download the blank horse identification page from the ERASA website.
4. This is to be completed and stamped by a registered veterinarian.
5. Once done the member submits both Form J and the Identification page to ERASA with proof of payment.
6. The identification page is to be sent to us in colour and scanned in high format.
7. Once received we will process passport and courier to the member.

If you have any questions, please contact ERASA General Manager or ERASA passport office.
